

KIDS COURSE 2022/23

(subject to change)

CHECKLIST BEFORE START

- **Payment done?** Please pay the course at least 7 days before start via bank transfer;
- **Course ticket:** You will get this with the other course documents on the arrival weekend in the ski school office or at the beginning of the course (09.30) directly at the meeting point. We prepare all documents ready to minimize waiting times.
- Please control your phone number on the **lower section of the course ticket** and hand this part to your **ski instructor** at the start of the course. The upper section is for you, here you find our number. If your child is already advanced skier, please place the lower section of the course ticket into the jacket of your child. The instructor will take the ticket after the assessment is done.
- Please stick the **name sticker on the helmet** of your child before we start the assessment! The colour shows you your meeting place (see below)
- **Ski pass** (see below)
- **Equipment** - is the binding adjusted? Length ok? Beginners and light advanced don't need poles
- In case that Covid measurements become necessary, we inform about this topic on our website.

...THEN YOU'RE READY TO GO :-)

SKI COURSE TIMES

Mo - Fr, from **9:45 - 12.45**. (kw 2 & 4: 09.30 - 12.30)

For advanced skiers, the group assessment starts on the first day of the course at 09.30 at the ski school meeting point (Hornbabylift).

MEETING POINT

Beginner children meet at the green flag on the ski school meeting point, advanced children at the blue and red flag. (Advanced is those who can safely brake and ride the lift on their own and ski on simple blue slopes). The pirate group meets at the black pirate flag.

LIFT TICKETS

For children up to 6 years (born 2017 or younger) please get the free „Miniskipass“ in advance. (ID required!) All older children also need a lift ticket in the ski course (beginners usually from the 2nd day of the course). TIP: The lift tickets are cheaper online than at the ticket office.

GROUP CLASSIFICATION

Advanced skiers are divided into groups on basis of a small ride. Please don't consider the first classification as final. During the first day, changes are sometimes still necessary.

Beginner children start together at the beginning of the course under the supervision of several teachers before continuing in smaller groups depending on their learning progress.

Our **average group size** is 7-8 children (maximum 10).

SNACK BREAK

Skiing makes hungry. That's why a short break is integrated into the ski course - we provide your child with drinks and a small snack. In case of allergies, please **contact us in advance**.

DROPPING OUT?

Sometimes children become ill. If that happens, please visit our office with a medical certificate.

You can get a part of your money back - either cash or a credit note.

WEEK PROGRAMM

- A **photographer** visits us on **Tuesday** to take pictures of our group. These photos are available for viewing and purchase at the ski school office from Wednesday, two pictures in a presentation folder cost € 12,00.
- **Bruno Bär** comes to all groups on Tuesday!
- **Wednesday is safety day!** We focus our training on the safety issues relating to skiing. On our obstacle course children can test their skiing skills.
- The **final race** takes place on **Thursday** in the last course hour (low season: Friday morning). You will hear the starting time of your child from your ski instructor. Fans will find enough space to cheer along the race track and are welcome! The results will remain secret until the **award ceremony on Friday** at the end of the course. Every child gets a medal and a certificate!
- Our **painting competition:** every child receives a drawing of Bruno Bear to turn into a great winter-picture. If you'd like to participate in our prize drawing, please hand the completed picture to your instructor or bring it to the skischool office until **Wednesday**.

IMPORTANT TIPPS...

- ☞ **Please** make sure that your child has gone to the toilet before each lesson!
- ☞ **Please** drop off, and pick up, your children with their ski instructor in person.
- ☞ If your children can already ski, then it is worth them making a few „warm up“ runs before the assessment on Monday morning.
